Easy Wedding" Magnus, Sam and Alex dress up for the wedding and read the invitation to find that the entrance to Thrym's lair is in Bridal Veil Falls for five minutes. They are allowed into the lair by Thryngja. After attending the wedding party, the giants reveal that the location for the royal ceremony is in the cave of Loki. They arrive at Loki chained to the floor with a large snake making poison in their face, with his wife Sigyn at her side, trying to keep the poison out of their eyes with a small bowl. Loki asks Alex to come forward to confirm that the bride is Sam, and Loki assumes Sam is Alex and the ceremony is ongoing. Loki has Randolph retrieve the Skofnung sword from Magnus and just as he tells him to cut him free, Alex breaks the character and attacks Thrym. Magnus is surrounded by Earth giants and Loki frees Sam as he orders Randolph to draw the sword, despite his rule about women being present, and cut him free before the blade disappears from breaking the rule. Before Loki is completely free, the cave if it is broken by Hearth, Blitz and the einherjar of the nineteenth floor. Despite the arrival of reinforcements and the gods on the way, Randolph manages to sever Loki's final bond, releasing him. Loki's first action is to kill the snake that dropped the poison. Before involving one of the other warriors, the gods managed to find their way to the cave, so Loki dug a hole in the ground to retreat and fell down with Sigyn. Randolph enters, even though Magnus tries to pull him back. The gods finally manage to enter the cave, and Thor leading the charge, followed by Heimdall and then Vidar. Vidar uses his giant Thrym squash shoe while Thor retrieves Mjolnir and uses it to annihilate Thryngja. Thor brings the group back to Valhalla to celebrate the return of his hammer, but none of the group really feels like celebrating. "Meetings for the Future" Magnus, Sam, Alex, Blitz and Hearth are summoned to Helgi's office Li informs them that Loki has gone to the Eastern Shores to finish building Naglfar and that the mission Sam from Odin is to lead the team to put him back in chains. The next morning, before meeting Sam, Magnus talks to Alex about him/her teaching Sam to resist Loki's control as much as he/she can. When she meets Sam, she says that in order to reach the Eastern Shores, they must travel by sea to the old Viking lands of Scandinavia. Sam also says that after this mission is complete, he intends to resign from the Valkyries. Magnus meets Annabeth after being able to get in touch with her through a letter sent by Raven. He says New York is crazy right now because of the return of 'evil Roman emperors. " After telling Annabeth about her mission and clarifying that she has problems with the sea gods, Annabeth agrees to help and says that the time for Magnus to meet Percy. Profezia Blitzen. Blood.
